Atmospheric Worlds – Free Game Music Pack

This free music pack contains a collection of atmospheric tracks inspired by different cultures and fantasy worlds.

The music is designed for exploration, ambient environments, cinematic moments and trailer use in games.

The pack combines dark fantasy atmospheres with world-inspired soundscapes such as nordic, asian and western themes, making it suitable for RPGs, adventure games, survival games and story-driven projects.

Perfect for developers who need versatile background music for different environments and moods.
